INSTRUCTION MANUAL

Model GCE 5001DVD Home and Go DVD/CD Player with Monitor

e1
083286

IMPORTANT SAFEGUARDS

For your own safety read following instructions carefully before attempting to connect this clock radio to the mains.

Mains Supply: 230V ~ 50Hz - AC only

This unit is designed to operate on a 230V ~ 50Hz supply only. Connecting it to other power sources may damage it. Ensure that the supply corresponds to the information on the rating label on the bottom of the unit.

This clock radio may be fitted with a non-rewireable plug. If it is necessary to change the fuse in a non-rewireable plug the fuse cover must be refitted.

If the fuse cover becomes lost or damaged, the plug must not be used until a replacement, available from the manufacturer, is obtained. It is important that the colour of the replacement fuse cover corresponds with the colour marking on the base of the plug.

If the plug needs to be changed because it is not suitable for your socket, or becomes damaged, it should be cut off and an appropriate plug fitted following the wiring instructions below. The plug must then be disposed of safely, as insertion into a 13A socket is likely to cause an electrical hazard.

IMPORTANT

The wires in the mains plug should be connected as shown in the diagram.

The colours of the wires in the mains lead of the unit may not correspond with the coloured markings identifying the terminals in your plug. Connect them as follows:-

The wire which is coloured blue must be connected to the terminal which is marked with the letter 'N' or coloured black.

The wire which is coloured brown must be connected to the terminal which is marked with the letter 'L' or coloured red.

There should be no connection to the earth terminal of your plug.

If a 13 Amp (BS 1363) Plug is used, a 3 Amp Fuse must be fitted, or if any other type of Plug is used a 3 Amp or 5 Amp Fuse must be fitted, either in the Plug or Adaptor, or on the Distribution Board.

This symbol means that this unit is double insulated. An earth connection is not required.

DANGER

LASER SAFETY

CAUTION: USE OF CONTROLS OR ADJUSTMENTS OR PERFORMANCE OF PROCEDURES OTHER THAN SPECIFIED HEREIN MAY RESULT IN HAZARDOUS RADIATION EXPOSURE. INVISIBLE LASER RADIATION WHEN OPEN AND INTERLOCK FAILED OR DEFEATED. AVOID DIRECT EXPOSURE TO

This unit employs a laser. Only a qualified service person should remove the cover or attempt to service.

CAUTION

To prevent electric shock, disconnect from the mains before removing cover. No user serviceable parts inside. Refer servicing to qualified service personnel.

IMPORTANT NOTES

Hearing is very important to you and to us so please take care when operating this equipment . It is strongly recommended that you follow the listed guidelines in order to prevent possible damage or loss of hearing.

ESTABLISH A SAFE SOUND LEVEL

- Over time your hearing will adapt to continuous loud sounds and will give the impression that the volume has in fact been reduced. What seems normal to you may in fact be harmful.
- To guard against this **BEFORE YOUR HEARING ADAPTS** set the volume at a level.
Slowly increase the level until you can hear comfortably and clearly and without distortion.
- Damage to your hearing is accumulative and is irreversible.
Any ringing or discomfort in the ears indicates that the volume is too loud.
- Remember listening for prolonged period of time at high volume levels will harm your hearing.

Once you have established a comfortable listening level. DO NOT INCREASE THE SOUND LEVEL FURTHER.

The following list of typical sound levels may assist you recognizing just how loud you have set the volume level.

DECIBEL

<u>Level (dB)</u>	<u>Example</u>
30dB	Quiet library, soft whispers
40dB	Living room, fridge freezer, bedroom away traffic
50dB	Normal conversation, quiet office, light traffic
60dB	Electric sewing machine
70dB	Vacuum cleaner, hair dryer, noisy restaurant

THE FOLLOWING NOISE CAN BE HARMFUL UNDER CONSTANT EXPOSURE

80dB	Average city traffic, alarm clock buzzer at 2 feet, loud mixer
90dB	Motorcycle, heavy goods vehicle, petrol lawn mower.
100dB	Pneumatic drill, chain saw, garbage truck, discotheque right-club
120dB	Rock band concert, thunderclap fast train passing by.

PERMANENT LOSS OF HEARING

140dB **THRESHOLD OF PAIN** Gunshot 2 feet away, jetplane taking off.

Features

Compatible with PAL DVD (Video CD) and NTSC DVD (Video CD)

This player can play discs recorded in either PAL or NTSC format.

- A single LSI chip now integrates all major DVD playback circuit functions including MPEG2 decoder, video D/A converter, and audio decoders.
- L/R stereo analog audio outputs for connection to existing head unit aux inputs. Video output is composite video.
- Supplied remote handles multi-function software (multi-language audio-track/subtitle, multi-angle, multi-story, etc.), plus all basic functions.

Use This Product Safely

When Driving

Keep the volume level low enough to be aware of road and traffic conditions.

When Car Washing

Do not expose the product to water or excessive moisture. This could cause electrical shorts, fire or other damage.

When Parked

Parking in direct sunlight can produce very high temperatures inside your vehicle. Allow the interior to cool down before starting playback.

Use the Proper Power Supply

This product is designed to operate with a 12 volt DC, negative ground battery system.

Protect the Disc Mechanism

Avoid inserting any foreign objects into the slot of this player.

Failure to observe this may cause malfunction due to the precise mechanism of this unit.

Use Authorized Service Centers

Do not attempt to disassemble or adjust this precision product. Please refer to the Service Center list included with this product for service assistance.

Installation

The unit should be installed in a horizontal position with the front end up at a convenient angle, but not more than 30°.

SAFETY INFORMATION

CAUTION:

MOBILE DVD PLAYER IS A CLASS I LASER PRODUCT. HOWEVER THIS MOBILE DVD PLAYER USES A VISIBLE/INVISIBLE LASER BEAM WHICH COULD CAUSE HAZARDOUS RADIATION EXPOSURE IF DIRECTED. BE SURE TO OPERATE THE MOBILE DVD PLAYER CORRECTLY AS INSTRUCTED.

USE OF CONTROLS OR ADJUSTMENTS OR PERFORMANCE OF PROCEDURES OTHER THAN THOSE SPECIFIED HEREIN MAY RESULT IN HAZARDOUS RADIATION EXPOSURE.

DO NOT OPEN COVERS AND DO NOT REPAIR YOURSELF. REFER SERVICING TO QUALIFIED PERSONNEL.

WARNING:

- TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS EQUIPMENT TO RAIN OR MOISTURE.
- TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, AND ANNOYING INTERFERENCE, USE ONLY THE RECOMMENDED ACCESSORIES.
- THIS DEVICE IS INTENDED FOR CONTINUOUS OPERATION.

This product incorporates copyright protection technology that is protected by method claims of certain U.S. patents and other intellectual property rights owned by Macrovision Corporation and other rights owners. Use of this copyright protection technology must be authorized by Macrovision Corporation, and is intended for home and other limited viewing uses only unless otherwise authorized by Macrovision Corporation. Reverse engineering or disassembly is prohibited.

Region Management Information

This Mobile DVD Player is designed and manufactured to respond to the Region Management Information that is recorded on a DVD disc. If the Region number described on the DVD disc does not correspond to the Region number of this Mobile DVD Player, this Mobile DVD Player cannot play this disc.

DISC NOTES

Disc formats supported by this player

Handling and Cleaning

- Dirt, dust, scratches and warped discs will cause misoperation.
- Do not place stickers or make scratches on discs.
- Do not warp discs.
- A disc should always be kept in its case when not in use to prevent from damaging.
- Do not place discs in the following places:
 1. Direct sunlight.
 2. Dirty, dusty and damp areas.
 3. Near car heaters.
 4. On the seats or dashboard.

Disc Cleaning

Use a dry soft cloth to wipe the surface. If the disc is quite dirty, use a soft cloth slightly moistured with isopropyl (rubbing) alcohol. Never use solvents such as benzene, thinner or conventional record cleaners as they may mar the surface of the disc.

Note:

A disc may become scratched (although not enough to make it unusable) depending on how you handle it and

conditions in the usage environment. Note these scratches are not an indication of any problem with the player.

Label side up

Do not touch the underside of the disc

Do not bend

Wipe the disc from center toward the outside edge

Preparing New Discs with Rough Spots

A new disc may have rough edges on its inside and outside edges. If a disc with rough edges is used, the proper setting will not be performed and the player will not play the disc. Therefore, remove the rough edges in advance by using a ballpoint pen or pencil as shown below. To remove the rough edges, press the side of the pen or pencil against the inside and outside edges of the disc.

Rough spots on outside edge

Ball point pen or pencil

24. VOLUME+/- Press VOLUME+/- button to increase or decrease the volume level.
25. ZOOM Allows the picture to be increased or decreased in size.
26. RESUME When in stop mode, press the button, the play can be resumed from the stop point.
27. GOTO Disc search button, used with numeric buttons.
28. PBC Change between PBC ON and PBC OFF for VCD discs.
29. RANDOM Play tracks in random order.
30. PROGRAM Play tracks in the order you programmed.
31. REPEAT Change the Repeat mode of discs.
32. A-B A-B repeat allows a passage to be repeated continuously.

REMOTE CONTROL

Preparing the Remote Control

Inserting the Batteries

1. Open the battery compartment cover.
2. Insert the new batteries. Make sure that the positive and negative terminals of the batteries are oriented as indicated.
3. Close the cover.
 - Battery: Two AAA size battery

Using the Remote Control

Point the remote control towards the **IR** sensor on the front of the DVD player (remote control signal receiver).

Operation angle: About ± 30 degree in each the direction of the **IR** sensor.

Loading a Disc

1. When using in the car, turn the ignition on.
2. Press the **POWER** button (1).
3. Insert the disc with printed side facing up into the disc slot (2).
4. The player will start playback automatically.

Ejecting a Disc

Press **▲ (EJECT)** button (3) to eject the disc.

OPERATION

BASIC PLAY

Stopping play

- Briefly press the ■ (Stop) button to stop playback. After pressing the ► (Play) button it will continue normal playback from the stopped point.
- Press ■ (Stop) button twice, it will stop the playback and after pressing the ► (Play) button go back to initial Track/Chapter.

Search forward / Search reverse

Press ►► & ◀◀ during play.

Each time the button is pressed, the speed of Search forward /reverse changes according to the disc as follow.

DVD:

VCD/CD:

MP3:

Skipping track

Press ►►/◀◀ on the remote control or buttons on the front panel during playback.

Press ►► to skip to next track, and ◀◀ to skip back one track.

Note: For some VCD2.0 discs (PBC-playback control), ►►/◀◀ buttons may be unavailable.

Slow motion play

Press ► / ◀ during play.

Each time the button is pressed, the speed of slow motion forward /reverse changes according to the disc as follow.

DVD:

Pause (still picture)

Pressing || on the remote control or ►|| on the front panel during playback will stop play temporary. To return to normal playback, press ► on the remote control or ►|| on the front panel.

MUTE

Will mute the sound, but the disc continues playing. To unmute the sound press **MUTE** again.

REPEAT

FOR DVD:

Press **REPEAT** button to select repeat mode as follow:

FOR VCD/CD:

Press the REPEAT button to select repeat mode as follow.

1. Continuously repeat the current chapter/track, when REP-ONE mode is selected.
2. Select REP-ALL mode to continuously repeat all chapters/tracks on the current disc.
3. REPEAT feature's not supported on VCD2.0 Discs (with PBC ON).

A-B

A-B repeat allows a passage to be repeated continuously. Press **A-B** button at the start of the required passage, then press **A-B** button again at the end of the passage. To revert to normal playing, press **A-B** button again. Each time the button pressed, the screen will display as follows:

A TO B SET A → A TO B SET B → A TO B CANCELLED

OPERATION

Disc Search (GOTO)

FOR DVD

Press **GOTO** button once, the screen will display the following message:

TITLE 01/01 CHAPTER 007 / 020

Select the chapter you wish to view using the numeric buttons. Confirm your choice by pressing **ENTER** key.

Press **GOTO** button twice, the screen will display the following message:

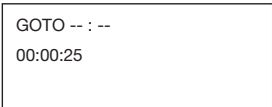

TITLE 01/01 TIME -- : -- : --
00:00:25

You can select the item you want to watch through TIME setting by using numeric buttons and ENTER key.

FOR CD/VCD (WITH PBC OFF):

Press **GOTO** button once, the screen will display the following message:

GOTO -- : --
00:00:25

Use numeric buttons to input the time directly.

ZOOM

Allows the picture to be increased or decreased in size. Press **ENTER** to toggle between 1.5 scale, 2.0 scale and 3.0 scale.

RANDOM

Press **RANDOM** button, track selection will be made in random order. The display screen will show "SHUFFLE ON" on the right-top corner. Press **RANDOM** button again, "SHUFFLE OFF" appears and release the mode.

PROGRAM

In stop mode, press **PROGRAM** button, the screen will display "PROGRAM P00:00". For example: press numeric button 4 and **▶** button, "PROGRAM P01:04" appears. It means track 4 will be played first.

MODE SELECTION

Press **SOURCE** button on the front panel of the unit or **MODE** button on the remote control to select DVD, AV1 or AV2 mode. After selecting a mode, the corresponding indicator on the front panel will be illuminated.

Volume Level Adjustment

Press **VOLUME ▲ / ▼** on the front panel or **VOLUME +/-** on the remote control to increase or decrease the volume level.

Remote Sensor (IR)

Point the remote handset to the remote sensor **IR** on the front panel.

Turning the player on/off

Press the **⏻ (POWER)** button on the front panel or on the remote control to turn the player on or off.

Reset

Reset button is placed on the front panel and must be activated with either a ballpoint pen or thin metal object. The reset button is to be activated for the following reasons:

- Initial installation of the unit when all wiring is completed.
- All the function buttons do not operate.
- Error symbol on the display.

OPERATION

On-Screen Display function

Press the **DISPLAY** button during playback to display the contents of the current disc on the screen.

Example:

DVD:

(1) Press **DISPLAY** once:

TITLE 01/03 CHAPTER 002/025
00:02:25

Title Number, Total Title Number, Chapter Number, Total Chapter Number of this Title of the disc currently being played will be shown on the screen, along with the elapsed time.

(2) Press **DISPLAY** for the second time:

TITLE REMAIN
01:46:58

(3) Press **DISPLAY** for the third time:

CHAPTER ELAPSED
00:00:24

(4) Press **DISPLAY** for the fourth time:

CHAPTER REMAIN
00:01:39

(5) Press **DISPLAY** for the fifth time:
The message on the screen will be cleared.

VCD:

(1) Press **DISPLAY** for the first time:

SINGLE ELAPSED
00:00:25

00:03:15
TOTAL TRACK : 14
TRACK : - 01

(3) Press **DISPLAY** for the third time:

TOTAL ELAPSED
00:00:25
TOTAL TRACK : 14
TRACK : - 01

(4) Press **DISPLAY** for the fourth time:

OPERATION

(5) Press **DISPLAY** for the fifth time:
The message on the screen will be cleared.

MP3 (when set to NO MENU in SMART NAV menu):

(1) Press **DISPLAY** for the first time:

(2) Press **DISPLAY** for the second time:

(3) Press **DISPLAY** for the third time:
The message on the screen will be cleared.

Multi-audio language function

For DVD

Press **AUDIO** on the remote control or on the front panel during playback. Each time the button is pressed, number of the audio soundtrack language changes on sequential order.

Notes:

- The language number is different according to the disc.
- Some discs only contain one language soundtrack.
- When no different language soundtrack are recorded,  will be displayed in the left top corner of the screen.

For VCD/CD

Press **AUDIO** during playback.
It is possible to switch the sound between monaural and stereo sound.

MENU function (For DVD Only)

Press **MENU** button while the disc is playing and the disc root menu will be displayed. You can navigate with the remote control navigation keys and select a feature with the **ENTER** key.

TITLE menu function (For DVD Only)

If the DVD has multiple titles recorded on the disc, the preferred title can be selected from the title menu to start playback.

1. Press **TITLE** during playback.
 - The title menu is display.
2. Use the cursor button to select preferred title and confirmed by **ENTER** key.

Multi-subtitle language function (For DVD only)

Press **SUBTITLE** during playback. Each time the button is pressed, number of the subtitle language changes in sequential order.

Notes:

- The language number is different according to the disc.
- Some discs only contain one subtitle language.
- When no different subtitle language are recorded,  will be displayed in the left top corner of the screen.

Multi-angle function (For DVD only)

Press **ANGLE** during playback. Each time the button is pressed, number of the angle changes in sequential order.

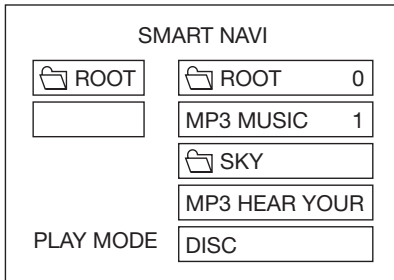

Notes:

- The angle number is different according to the disc.
- The function only works for discs that have scenes recorded at different angles.
- When no different angle is recorded,  will be display in the left top corner of the screen.

OPERATION

MP3 Disc Play

The SMART NAVI displays the contents of a MP3 disc in the format of folders.

Use ◀/▶, ▲/▼ on the remote control or on the front panel of the unit to select the item or folder, then press **ENTER** button.

Press the REPEAT button to cycle through the following types of repeat play in order.

REP-ONE: Play the same song over and again.

FOLDER REP: Play all songs in the current directory in sequence, over and again.

FOLDER: Play all songs in the current directory once.

Use the ◀/▶ to select play mode. When play mode is selected use ▲/▼ to change between the following mode:

SINGLE → REP-ONE → FOLDER → FOLDER REP →
DISC SCAN → **DISC** → DISC REP → RANDOM →
SHUFFLE ON → PROGRAM PXXX

During playback use >>> or <<< to advance or reverse one track.

◀◀ : Rapid reverse, ▶▶ : Rapid advance.

Note: The FOLDER cannot be selected during playing. It can be selected after ■ (Stop) button pressed.
